**“ONE FOR ALL - ALL FOR ONE” .... A COHESIVE, COLLECTIVE, ENHANCE, COMMUNICATIVE APPROACH TO BREAK ALL SECTORIAL WALLS AND BRING ALL CLINICIANS AT ONE PLATFORM TO HELP IN BUILDING A HEALTHY NATION**

## ACTIVITIES OF NATIONAL PRESIDENT & SECRETARY

## From the pen of National President, IMA

Dear Friends,

Greetings from Indian Medical association (Hqs.)!

The largest organisation of contemporary medicine doctors in India is the Indian Medical Association. It has played a vital role in eradicating many kinds of diseases which were continuously spreading amongst the masses, by treating people through its members fraternity and giving best services in regard to better healthcare of the general public in the whole nation.

Apart from this, IMA carried-out many pilot projects and Aao Gaon Chalen is one of them which was launched in the year of 2003 by our Chief Patron, Dr. Ketan Desai, Sir. This has been re-launched this year on 25th June, 2023. This project can not be completed without the help of our State and Local Branches because they are the main strength of IMA. So, we have asked our States and Local Branches to adopt atleast one village in their jurisdiction. I am happy to inform that about 1100 villages have been adopted and conducting Health camps and Health awareness programmes for the benefit of the common man. We will give award either after the completion of one year on 24th June 2024 or on Doctors Day next year to those doctors and branches who are continuously doing health related events in the adopted villages even though to their busy schedule.

It is also informed that a Notification was issued by EMRB of NMC on 2nd August 2023 regarding prescribing Generic Drugs. The ill-advised steps taken by NMC on the issue of Generic Drugs is an emergency. The regulation is mandatory for doctors to prescribe only Generic Drugs. It is a matter of great concern for IMA since this directly impacts patients' care and safety. The largest barrier to Generic drugs is the uncertainty about its quality. The quality control in the nation being very weak, there's practically no guarantee of the quality of drugs and prescribing drugs without assured quality would be detrimental to patient health. IMA demands a fool proof system of quality assurance before switching over to Generic drugs. IMA requested Government to have 'one drug, one quality, one price' system whereby all brands should be either sold at the same price which should be controlled or banned and only generics allowed while ensuring highest quality of these drugs. The present system will only put huge dilemma in the minds of practitioners and cause unnecessary blaming of Medical Profession by the society.

In this regard, a letter has been written to Shri Narendra Modi ji, Hon'ble Prime Minister of India, Shri Mansukh Mandaviya, Hon'ble Union Health Minister of India and Dr. Suresh Chandra Sharma, Chairman, National Medical Commission to bring their urgent attention towards the notification issued by EMRB of NMC. IMA requests that the Government of India postpone this Regulation so that there can be more extensive consultation. We also request that Government of India and NMC act quickly to resolve this issue so that the welfare of patient care is taken into account to the greatest extent possible. In this regard, Shri Mansukh Mandaviya ji, Hon'ble Health Minister of India called a meeting on 21st August at his office to discuss these issues in the presence of NMC Chairman and entire team, the meeting went for almost 2 hours and now on 24th August, 2023, Govt. of India has put the entire regulation Notification in abeyance. This is a big victory for IMA for the cause of citizen of India.

The issue of Antimicrobial resistance is widespread. Antibiotic abuse, overuse, and insufficient use are to blame for this. Since there has not been a new class of antibiotics identified in 35 years, and at the same time, resistance to the currently available antibiotics is rising, the problem has grown more urgent. One of the main causes of death and morbidity in our nation is infectious diseases. Since no new antibiotics are in the works, we must use the ones we already have wisely in order to preserve them. With all of this in mind, IMA is hosting CMEs on several AMR-related topics.

On August 6, 2023, the IMA organised a "National Organ Donation Conclave" where distinguished speakers discussed the different concerns surrounding organ donation. At the same event, the IMA Donor Card, Pledge Form, and Poster were also introduced. IMA HQs. asked its State/Local Branches to commemorate this Occasion and sensitize the healthcare professionals and masses in their Branches.

Every year, more than 5 lacs Indians need organ transplants, yet only one in ten of them are successful. Over the past many years, organ failure has become more common in India. In India, the need for organs is greater than the supply of organ donors. Poor organ availability is caused by a number of factors, including lack of religious belief, anxiety about organ donation, ignorance of when and where to donate, and lack of willingness to donate.

As healthcare providers and supporters of greater health, let's band together to positively the impact the lives of our patients and advance a society that is both healthier and more compassionate.

Likewise, every year this year also the Independence Day was celebrated with full spirit and enthusiasm at IMA (HQs.) on 15th August, 2023 by organising a National Flag hoisting ceremony alongwith leaders, office bearers and staff of IMA.

IMA National Sports Meet 2023 is being organised on 22nd-26th November, 2023 at Vijayawada, Andhra Pradesh, where 24 games will be played. All are requested to kindly participate.

IMA National Awards 2023 will be conferred during the Central Council Meeting and NATCON 2023 to be held on December, 27th-28th, 2023 at Thiruvananthapuram, Kerala. The Notification is also uploaded on the IMA Website.

I and Dr. Anilkumar J. Nayak, Hony Secretary General participated in a programme organised by IMA Gujarat State Branch at KD Hospital Ahmadabad, Gujarat. We had a meeting with Chief Patron IMA, Dr. Ketan Desai Sir on latest NMC Notification and discussed on further plan of action of IMA.

It was also a great honour for IMA to participate in G20 Summit on Healthcare on 24th August, 2023 at Gandhi Nagar, Gujarat. I and Dr. Anilkumar J. Nayak, Hony Secretary General participated as Speakers. I co-chaired the session on MVT and addressed the International delegates. The inauguration of the summit was done with great enthusiasm by Shri Mansukh Mandviya Ji, Health Minister of India. The event was further graced by the esteemed presence of Dr. Bharti Panwar, Minister of State for Health & Family Welfare, Prof. S.P Singh Baghel, Minister of State, WHO Chief, Shri Tedros Adhanom Ghebreyesus and other dignitaries.

Through, this IMA News Bulletin, I would like to appreciate all the members of IMA for giving their full support in all activities of IMA (HQs.). Further, I request to all of you to please continue your support to IMA (HQs.) so that we can make the common man of this country a happy, healthy and free from pain and sorrow.

Long Live IMA!

**Dr. Sharad Kumar Agarwal**

National President, IMA

Dear members of IMA Family

Greetings from IMA HQs. !

Medical profession is facing many ifs and buts and ups and downs, but still fighting for its rights and for the betterment of our coming generations.

As you all know that a Notification issued by EMRB of NMC on 2nd August 2023 regarding prescribing Generic Drugs in which it was mandatory for doctors to prescribe only generic drugs. It is a matter of great concern for IMA since this directly impacts patients' care and safety. NMC insists on its ethics guidelines to write prescription only in generic name. IMA took up this issue seriously and communication were sent to Shri Narendra Modiji, Hon'ble Prime Minister of India, Dr. Mansukhbhai Mandaviyaji, Honourable Union Health Minister, Dr. Suresh Chandra Sharma, Chairman, National Medical Commission and the Member of Parliament Rajya Sabha, apprising them about IMA's demand of deferring of this Regulation for wider consultation by the Government of India and we appeal to Gol and NMC for their prompt intervention into the matter so that the welfare of the patient care is taken into consideration to the large possible extent.

With the above efforts of IMA, MoHFW called IMA alongwith other stakeholders to discuss the issue on newly notified regulation by NMC. Accordingly, a delegation represented by National President, IMA Dr Sharad Kumar Agarwala longwith Dr R V Asokan, National President, IMA Elect and undersigned attended a meeting on 21-8-2023. During the meeting, IMA kept its view point and apprised the Hon'ble Health Minister about its effects on the medical profession and other stakeholders.

We are happy to inform you that with the continuous efforts of IMA, on 24th August, 2023,

the Gazette Notification of "National Medical Commission Registered Medical Practitioners (Professional Conduct) Regulations 2023 kept in abeyance by the Gol which is an important victory of IMA. IMA whole heartedly thanked Hon'ble Prime Minister of India and Hon'ble Health Minister of India for their kind gesture towards the medical professionals of this country and assured their commitment in upholding the dignity of the profession and will continue to work for providing affordable and accessible healthcare for the citizens of this country.

Like every year, IMA also confers Honorary Professorship for the year 2023. Applications were invited from the eligible Academicians for conferment of Honorary Professorship by IMA, IMA CGP and IMA AMS and for other Awards latest by 25th August, 2023. The selected persons will be conferred with respective titles. The Time and date of the above Award Ceremony will be informed later.

As we all know that organ transplantation offers a ray of hope for those suffering from end-stage of organ failure, but the scarcity of available organs continues to be a critical challenge in India. In view of the above and to make people aware about the importance of Organ Donation, IMA (HQs.) had organized various activities in association with NOTTO/ Uday India/ IMA JDN/ IMA MSN and Resident Doctors of Delhi. In this regard, IMA had also organized IMA "National Organ Donation Conclave" – 6th August, 2023. The was also observed by State and Local Branches of IMA.

I am delighted to inform my fellow colleagues that the undersigned alongwith National President, Dr. Sharad Kumar Agarwal participated in G 20 Summit on Healthcare at Gandhi Nagar, Gujarat. The inauguration of the summit was done with great enthusiasm by Hon'ble Health Minister,

Dr.MansukhbhaiMandviyaji. The event was further graced by the esteemed presence of MOS HFW Dr. Bharti Panwar, MOS Prof. S. P Singh Baghel, WHO Chief, Mr.T edros Ghebreyesus & other dignities.

In continuation of the Mega Re-launch of "IMA Aao Gaon Chalen" Project, I would like to inform you that few state and local branches are very active in adopting the villages and have been sending their reports and photographs regularly. Few state and local branches are lacking behind in adopting the villages and sending their reports regularly. I request the remaining branches to adopt the villages under their jurisdiction. IMA Aao Gaon Chalen Project can be a game changer for the image of IMA and to make it a grand success, it is the responsibility of every member of the IMA. The best 3 branches will be awarded with the Prize money and Award, as announced by IMA HQs

This is to inform you that since 2015, various resolutions were passed to rebuild the Existing Building of IMA HQs. as the strength of the building is not up to the mark. Based on the discussions which took place in various CWCs/CCs, it was decided to re-construct the existing building of IMA HQs situated at New Delhi with a state of art convention centre and with all latest facilities. The Headquarters' building belongs to all of us and to re-build the existing building, we will need financial support from leaders, individuals and all state and local branches. I request all of you to donate generously for our own cause.

We have to move further .... We have to walk together.....We have to work further.....

Long Live IMA

**Dr Anilkumar J. Nayak**

Honorary Secretary General, IMA

21.08.2023

### PRESS RELEASE

Today IMA delegation represented by Dr. Sharad Kumar Agarwal (National President, IMA), Dr Anilkumar J. Nayak (Honorary Secretary General, IMA) and Dr R. V. Asokan (National President Elect, IMA) attended a meeting called by Hon'ble Health Minister, Shri Mansukhbhai Mandavia Ji with all stakeholders at Nirman Bhavan, New Delhi to discuss issues on newly notified regulation by NMC (National Medical Commission)- Registered Medical Practitioner (Professional Conduct) Regulations 2023.

Meeting went well in cordial atmosphere Hon'ble Health Minister given ample time to all the stakeholders to present their point of views and made Note of our view points. Meeting went for 2 hours and ended on a cordial note.

We are waiting for Govt's decision.

**Dr. Sharad Kumar Agarwal**  
National President, IMA

**Dr. Anilkumar J. Nayak**  
Honorary Secretary General, IMA

EMAIL FROM IMA - OUR CONCERNS ON GENERIC MEDICINES

To,

Shri Narendra Modi  
Hon'ble Prime Minister of India  
Prime Minister's Office, New Delhi

Shri Mansukh Mandaviya Ji,  
Honourable Union Health Minister  
Government of India, New Delhi

Dr. Suresh Chandra Sharma,  
Chairman  
National Medical Commission

Dear Sir,

Greetings from Indian Medical Association HQs.!

Indian Medical Association (IMA) is the elite apex body of Indian medical professionals with around 4 lakh Doctors from different specialties and has the maximum reach with 32 State branches and 1760 local branches spread across the country.

IMA wishes to draw your urgent attention towards a Notification issued by EMRB of NMC on 2nd August 2023 regarding prescribing Generic Drugs.

The regulation is mandatory for doctors to prescribe only generic drugs. It is a matter of great concern for IMA since this directly impacts patients' care and safety.

Generic promotion needs to be genuine.

Running trains without tracks is how the present promotion of Generic drugs by NMC appears to be.

NMC insists on its ethics guidelines to write prescription only in generic name.

This measure is just shifting the choice from a medical practitioner who is primarily concerned, trained and responsible for the patients' health than a chemist/person sitting in chemist shop, who is selling drugs. This naturally wouldn't be in the best interest of the patient. (We should refrain from just cost cutting irrespective of quality treatment)

If doctors are not allowed to prescribe branded drugs, then why such drugs should be licensed at all, given that modern medicine drugs can be dispensed only on prescription of doctors of this system.

Government, if serious about implementing generic drugs should give licence only to generics and not to any branded drugs while ensuring quality of generic drugs.

Making quality brands available in market but disallowing Doctors who are responsible for patients' health, from prescribing them seems dubious.

The onus of exercising the choice shifts from the doctor to the medical shop. Now Market forces rather than the profession will determine the choice

Will this assure that the patient gets generic version of the drug? or will the brand of pharmacy's choice be dispensed?

The biggest impediment to Generic drugs is the uncertainty about it's quality. The quality control in the nation being very weak, there's practically no guarantee of the quality of drugs and prescribing drugs without assured quality would be detrimental to patient health.

Less than 0.1% of the drugs manufactured in India are tested for quality. This step should be deferred till the Government can assure the quality of all the drugs released into the market. Patient care and safety are not negotiable.

Rather than taking the NMC route the Government should take the Pharma route and ban all the branded drugs. Government allows several categories like Branded, Branded Generic and Generic and permits the Pharmaceutical Companies to sell the same product at different prices. Such loopholes in law should be plugged.

IMA demands a fool proof system of quality assurance before switching over to Generic drugs.

IMA had been demanding for long that only good quality drugs should be made available in the country and prices should be uniform and affordable. IMA urge Government to have 'one drug, one quality, one price' system whereby all brands should be either sold at the same price which should be controlled or banned and only generics allowed while ensuring highest quality of these drugs. The present system will only put huge dilemma in the minds of practitioners and cause unnecessary blaming of Medical Profession by the society.

The notification is an injustice to doctors who always hold the interest of their patients as non-negotiable.

If the Government and NMC want all the Doctors in the country to prescribe only generic drugs, they should simply order all pharmaceutical companies to manufacture all the drugs without brand names (how simple!!, try to do it dear NMC/GOI). Then no one has to write brand name. Let the NMC/GOI ensure quality generic drugs or accept responsibility if patients fail to respond to prescribe generics.

IMA demands deferring of this Regulation for wider consultation by the Government of India and we appeal to Gol and NMC for their prompt intervention into the matter so that the welfare of the patient care is taken into consideration to the large extent possible.

With kind regards,

Yours sincerely

Dr. Sharad Kumar Agarwal

National President, IMA

Dr. Anilkumar J Nayak

Honorary Secretary General, IMA

**PRESS RELEASE**

The incidence of organ failure in India has increased significantly in recent years. In India, the rate of organ donation is 0.86 per million people and live linked organ donation accounts for 95% of all organ donations, while cadaveric organ donation accounts for only 5%.

More than 5 lac Indians die due to the non-availability of Organs. Every year, over 2 lac individuals require a kidney transplant, but only one in ten is fortunate enough to receive one. About 2 lacs people require liver transplants, and 50 thousand patients die due to the heart and lung problems, respectively. In terms of eyes, our country has the highest number of blind people. Cornea is required by around one million individuals.

Our country is suffering from lack of organ donation due to a plethora of religious and trivial myths. Though, Organ donation rate of our country has risen from 0.05 to 0.8 percent, yet it remains modest.

At least 15 patients die every day waiting for organs and every 10 minutes a new name is added to this waiting list. Undoubtedly, the demand far outstrips the availability of organs. And no one can escape the harsh reality. Awareness on organ donation, is therefore the only way out of this depressing scenario.

The IMA has taken the initiative to educate the general public and medical workers on the importance of donating own organ to a dying person so one can live even after their demise.

We, through our 5 lac members spread in 1760 local branches all over the country, in collaboration with NOTTO and Uday India, are Organising the following activities on August 6, 2023:

- IMA is conducting a Walkathon, led by Dr. Sharad Kumar Agarwal, National President, IMA which will be started at 6.00 am from Maulana Azad Medical College and will be culminated at IMA HQs. It will be attended by around 500 healthcare professionals/ NGO/ Civic Society members / CISF Personnel
- "National Organ Donation Conclave" will be organized at IMA HQs which will start at 5.30 PM. Many renowned Speakers will present their talks and their experiences on various issues related to organ donation.

We have also requested our local branches to organize these programs in every region of India during this month and on this day specially.

We are also releasing IMA Donor Card/Pledge Form/ Poster to be used by all our 1760 branches spread all over the country. A dedicated IMA Organ Donation Domain will be started on IMA website for IEC material for healthcare workers and public as well.

Dr. Anilkumar J. Nayak, Hony. Secretary General, IMA HQs is leading this programme in the State of Gujarat.

Dr. Erika Patel, Chairperson, IMA Standing Committee for Organ Donation said that IMA will continue this programme on a regular basis.

Dr. Anil Goyal, Convenor, IMA Standing Committee for Organ Donation said that we need to empower our members by providing information, educate them about counselling process and capacity building.

Dr. Shitij Bali, Hony. Finance Secretary, IMA HQs emphasised about the concept of Organ Donation world over and in our country.

With the help and support of our friends in media, we can make the public aware about the need and importance of organ donation.

**Dr. Sharad Kumar Agarwal**  
National President, IMA

**Dr. Anilkumar J. Nayak**  
Honorary Secretary General, IMA

**THANKS LETTER FROM INDIAN MEDICAL ASSOCIATION HQs.**

To,  
Shri Narendra Modiji  
Hon'ble Prime Minister of India  
Prime Minister's Office, New Delhi

Dr. Mansukhbhai Mandaviyaji,  
Honourable Union Health Minister  
Government of India  
New Delhi.

Respected Sir,

Greetings from Indian Medical Association (Hqs.)!

Indian Medical Association (HQs) places on record its profuse thanks to you for keeping in abeyance the Gazette Notification of "National Medical Commission Registered Medical Practitioners (Professional Conduct) Regulations 2023.

IMA is committed to uphold the dignity of the profession and will continue to work for providing affordable and accessible healthcare for the citizens of the country.

IMA is committed to work for the visionary concept of "New India" of the Hon'ble Prime Minister.

With kind regards,

**Dr. Sharad Kumar Agarwal**  
National President, IMA

**Dr. Anilkumar J. Nayak**  
Honorary Secretary General, IMA

Dear Member

Greetings from IMA HQs!

As you are aware, IMA has been consistently honouring its members for their exceptional dedication and contributions to the medical profession through the IMA National Awards during NATCON every year. These awards not only recognize the remarkable achievements of our fellow professionals but also serve as a source of inspiration and motivation to the entire medical community.

This is to inform you that to establish any new IMA National Award within IMA, it has been decided that a corpus fund of Rs. 5 Lacs (Rupees Five Lacs only) must be deposited at IMA Headquarters as Corpus Fund to ensure the sustainability and long-term viability of these new awards. This fund will be utilized to support the administration and execution of the newly instituted awards over the next 20 years.

With kind regards,

Yours sincerely,

**Dr. Anilkumar J. Nayak**  
Honorary Secretary General

## “LIVE LIFE, PASS IT ON”

“Be a Hero, Be an Organ Donor”

### अंगदान, जीवन का महादान

- सभी उम्र के लोग अंग और देह दान कर सकते हैं
- एचआईवी, कैंसर और सक्रिय टी.बी. रोगी दान नहीं कर सकते
- HBsAg और HCV मरीज अपने ही प्रकार के मरीजों को दान कर सकते हैं

- 500000 people die because of non-availability of organs.
- 200000 people die of liver disease.
- 50000 people die from heart disease.
- 150000 people await a kidney transplant but only 5000 get one.
- 1000000 people suffer corneal blindness and await transplant.
- In India 6000 people die every day waiting for organ transplant.
- Every 17 minutes someone die waiting for transplant.
- Every 13 minutes someone is added to a waiting list.

- 500000 लोग अंगों की अनुपलब्धता के कारण मर जाते हैं।
- 200000 लोग लीवर की बीमारी से मरते हैं।
- 50000 लोग हृदय रोग से मरते हैं।
- 150000 लोग किडनी ट्रांसप्लांट का इंतजार करते हैं लेकिन केवल 5000 को ही किडनी ट्रांसप्लांट मिल पाता है।
- 1000000 लोग कॉर्निया अंधापन से पीड़ित हैं और प्रत्यारोपण का इंतजार कर रहे हैं।
- भारत में हर दिन 6000 लोग अंग प्रत्यारोपण के इंतजार में मर जाते हैं।
- हर 17 मिनट में एक व्यक्ति प्रत्यारोपण के इंतजार में मर जाता है।
- हर 13 मिनट में किसी को प्रतीक्षा सूची में जोड़ा जाता है।
